ABSTRACTS REQUIREMENTS

Abstracts of the conference will be published in the author's editorial on the NUFT website. The responsibility for the accuracy of the information remains with the authors of abstracts.

Volume - 2 full pages.

Page format A4.

Abstracts are executed in the format *.doc (Microsoft Word, version 2003)

All page margins – 2 cm.

For all (!) elements of abstract (text, tables, formulas, pictures), font – **Times New Roman**, size – **14**, interval – **1,5**, paragraph – **1,25** cm.

Pictures must be of good quality, in the graphic editors (*charts and graphs* are done in Excel 2003), placed in the text without (!) merging into a single object and without wrapping the text, and are provided in separate files.

Font size on the graphs and charts should be the same as the main text of the submissions.

Titles to pictures are printed under the pictures in direct type, the word "Pic." with number in italic.

Abbreviations of physical quantities are executed in Latin characters according to the CI system.

List of references should contain modern articles and monographs on the subject of research.

Abstracts must be sent in a separate file with the obligatory indication of the first author and number of section. For example: lvanenko_2.

Abstracts that do not correspond the requirements will not be accepted
